

Celebrate **SUCCESS**

Success Story...

Ms. Campbell came to our facility following a fall at home which resulted in a Femur fracture. Margaret was limited due to pain and challenged with weight bearing restrictions. Our interdisciplinary team including Nursing, Physical and Occupational Therapy were able to help manage her pain while teaching compensatory techniques to improve her mobility. Margaret had a goal to be home in one month which she achieved.

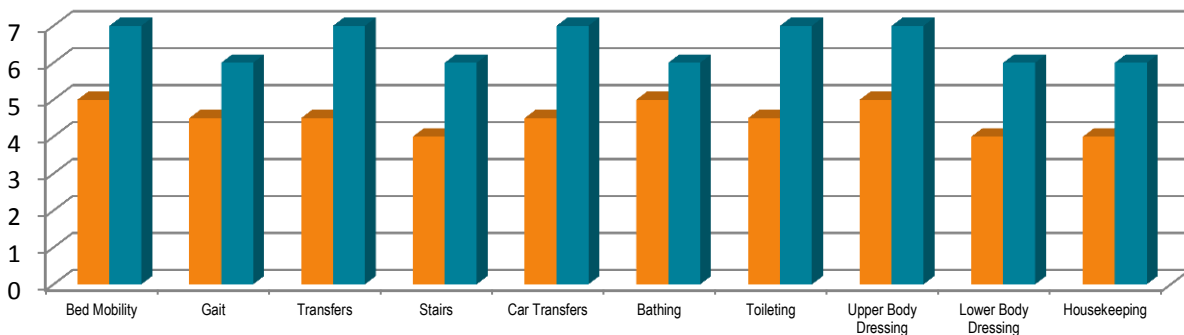

“ I'm happy to being going home as planned but will miss everyone. I plan to come back and visit”

“ It felt like everyone here is family and I will be recommending this facility to everyone I know”
