

Celebrate **SUCCESS**

Success Story...

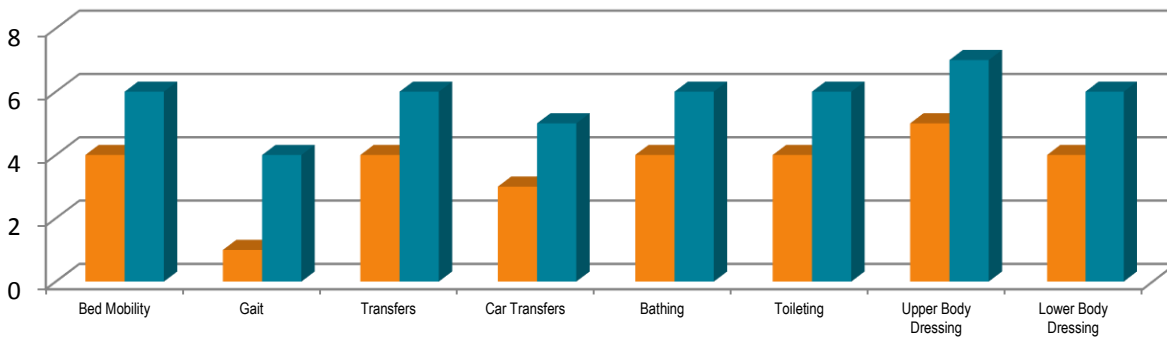

Ms. Conner came to our facility following a fall with a resultant femur fracture. Nancy was unable to have surgery and required compensatory techniques and training to safely manage her non-weight bearing status. With Physical Therapy, Occupational Therapy and adaptive equipment Nancy was able to reach her goals to return home as soon as possible.

"I am happy to returning home with my husband but enjoyed myself here and am grateful for all that helped me"

Name: Nancy Conner
Admitting Diagnosis: Femur Fracture
Admission Date: December 21st 2017
Discharge Date: January 5th 2017
Discharge Location: Home

Functional Outcomes Measures – PT/OT
