

Celebrate **SUCCESS**

Success Story...

Ms. Harness was admitted to our facility following a brief stay in the hospital. Wilma presented with decreased strength, endurance and balance which limited her ability to perform her ADLs and Functional Mobility skills as needed to return home. Wilma was motivated to return home as soon as possible and planned to go home within a month. With consistent daily Physical and Occupational Therapy, Wilma met her goals and is now able to return home as planned

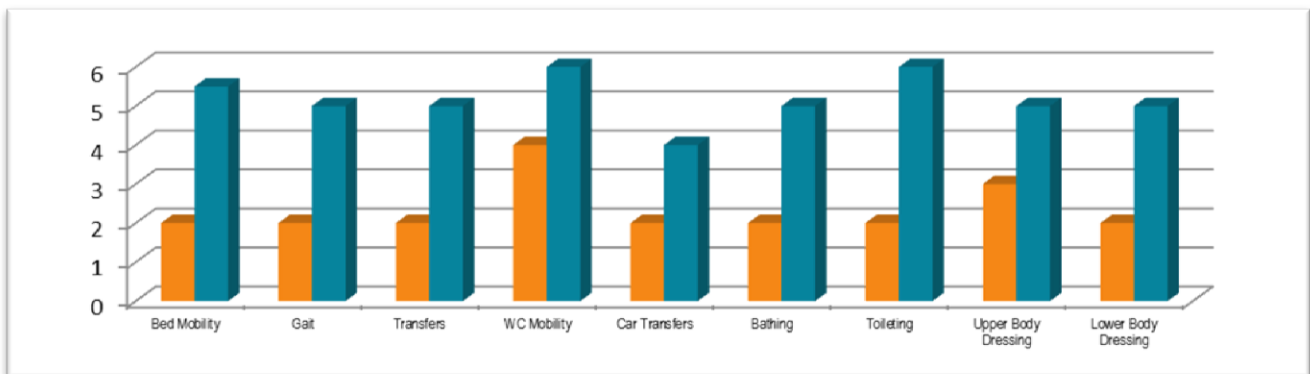

“ I have been here many times and will come back if I need Rehab again”

“They always get me ready to go home”
