

Concordia Transitional Care and Rehabilitation Maryville

Success Story

Patient Name: Mary Myers

Admitted: May 16th 2018

Discharged: June 7th 2018 to Home !!

Ms. Mary Myers admitted to our facility on May 16, 2018. Upon admission, Betty required assistance with all mobility, activities of daily living and ambulation. Simple tasks were tiring and limited her ability to safely ambulate without fall risk. With dedication and daily exercises, Betty was able to achieve her goals to return home.

“My husband was here before, and I would have liked to stay longer”

“I'll miss everyone. I will come back here if I need help again”... Mary Myers
