

Concordia Transitional Care and Rehabilitation Maryville

Success Story

Patient Name: Mary Stratton

Admitted: June 26th 2018

Discharged: July 17th 2018 to Home !!

Ms. Mary Stratton admitted to our facility on June 26th, 2018 due to new onset of encephalopathy. Upon admission, Mary required assistance with all mobility, activities of daily living and ambulation. Most tasks and Activities of Daily Living were very challenging and limited her ability to safely mobilize without fall risk. With daily exercises and compensatory techniques, Mary was able to achieve his goals to return home. Mary is now Independent with her Rollator and is able to perform her mobility and ADL skills safely for DC home.

“I really enjoyed being here, I would have stayed longer if I needed to” ... Mary Stratton
