

# Concordia Transitional Care and Rehabilitation Maryville

## Success Story

Patient Name: Wayne Lecher

Admitted: June 29<sup>th</sup> 2018

Discharged: July 23<sup>rd</sup> 2018 to Home !!

Mr. Wayne Lecher admitted to our facility on June 29<sup>th</sup> 2018 after having a Total Hip Replacement. Upon admission, Wayne required assistance with all mobility, activities of daily living and ambulation. ADL tasks were very challenging and balance and strength deficits limited his ability to safely ambulate without fall risk. With dedication, daily exercises and compensatory techniques, Carl was able to achieve his goals to return home. Carl no longer requires a rolling walker to and is able to return home as planned using a cane. He hopes with continued outpatient PT, he won't need the cane much longer.

“ Everyone was helpful and nice. I enjoyed myself here” ... Wayne Lecher
